**Camping Rules:** not adhering to these rules will result in an additional charge

- Camping begins at 2:00 pm on Friday, July 14th. Earlier arrivals will be charged for an extra half day.
- Campers must be completely unhooked by 1:00 pm. on Sunday or be charged up to an extra days fee. (Campers may remain parked, but unhooked, until the end of the event.)
- A complementary trip to the dump station at the end of your stay is included in the camping fee. If you need to dump your tanks prior to this, the fairgrounds will be glad to accommodate you – the fee is \$10.
- Back your camping unit into the camping space so your camper can be pulled forward in case of an emergency; the tongue must face the road. [This is a requirement of the Dept. of Natural Resources, the licensing agency of the fairgrounds.]
- Park 12 feet away from the fence (to leave a fire lane).
- Note the location of the electrical boxes before backing into the space. If you should hit an electrical box, please report it to the show office or grounds personnel immediately.
- Water lines must be disconnected at all times, unless actively filling your tanks.
- Watch for water lines as you drive tent/awning stakes as many are long enough to punch the water lines. Water lines run underground in a straight line from spigot to spigot.
- Camp fires are allowed ONLY if they are up off the ground. (If a burn ban is in effect MHF will give you as much advance notice as possible.)
- No alcohol allowed
